December 2017

Dear Parent/Carer

I would like to invite you to an information evening surrounding e-safety issues that children face in the ever changing digital landscape. The internet is an amazing resource which enables young people to connect, communicate and be creative in a number of different ways, on a range of devices. However, the internet is always changing and being able to keep up to date with your children's use of technology can be a challenge.

You may sometimes feel that your children have better technical skills than you do, however children and young people still need advice and protection when it comes to managing their lives online!

Below is an outline of some of the topics we will be discussing during the evening:

- cyberbullying
- online reputation
- computer games
- sexting
- social networking

The evening will be on **Thursday 18th January 2018** between 5.30pm-7.00pm in the main hall. There will be some light refreshments available at the start of the session.

If you would like to attend the evening then please complete the reply slip below and return to me by Monday 8th January 2018. Alternatively you can book a place by emailing me on the link below.

Yours sincerely

Mr J Lea
Curriculum Leader of Computing, ICT and E-Safety
 jlea@sackvilleschool.org.uk
