September 2018

Dear Parent/Carer

KS4 GCSE Design and Technology

At the start of the GCSE course students will be supplied with most of the materials required for their practical work. However, we are also able to supply students with a revision guide to help with their theoretical knowledge. A contribution of £35.00 for materials, which covers all the materials needed in each year of the course including the major practical piece for the examination, and an optional £4.75 for the revision guide and work booklet is requested to help towards these costs. The revision guide and work booklet is strongly recommended as this will help with your child’s theory knowledge for the main examination, which is worth 50% of the course. I would just like to remind you at this point that if the material contribution has not been made, the students cannot take the work home.

If you would like to discuss any matters concerning this outlay, please do not hesitate to contact me.

Yours sincerely

Mr K Treen
Curriculum Leader for Design & Technology
