January 2019

Dear Parent/Carer

A Level Textiles at Sackville School

We enclose our course leaflet for A level textiles. This exciting new course for September 2019 will allow our students to immerse themselves in the creative practice of textiles. Rather than revising for a written examination, students are required to develop a body of work leading up to a final piece of practical work, produced in 15 hours. 60% of the grade comes from a coursework folder, built up over two years of the course. Students will also produce an in depth personal study of up to 300 words, including work by famous makers or fashion designers.

This Edexcel course has been successfully delivered in other centres for many years and our teachers are drawing on twenty years of personal experience in this field. Although new to Sackville School, this A level textiles course has an excellent track record in terms of grades, student satisfaction and progression to related courses. The course is delivered as an Art and Design endorsement.

We invite you to read the leaflet with your child. If you have any questions about the course, please do not hesitate to contact us.

Yours sincerely

Mr Phil Andrews
Curriculum Leader of Art and Design

Ms Hannah Buckley
A Level Textiles teacher
